### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1,3-18,22-26 and 28-30 are rejected under 35 U.S.C. 102(e) as being anticipated by Karas (7,130,817).

Karas discloses a method and corresponding system for transferring value from a first value provider to a second value provider, wherein each of the first and second value providers stores value on behalf of customers, receiving a request initiated by a value owner to transfer value from the first value provider to recipient the second value provider in a converted form, wherein the value owner is one of the customers of the first value provider, receiving the value from the first value provider with an exchange provider in response to the request, wherein: the exchange provider is different from the first value provider and different from the second value provider; and the exchange

provider includes a processor configured for conversion of the value into the converted form, determining an exchange rate for the value with the processor of the exchange provider, converting the received value with the processor of the exchange provider to the converted form in accordance with the determined exchange rate, and transmitting the converted value from the exchange provider to the recipient second value provider (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); the request is issued by the value owner to the first value provider (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); converting the received value comprises extracting a transaction fee (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); the received value and the converted value comprise a common value type (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); authenticating at least a portion of the request with the first value provider (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); issuing an identifier to the value owner with the processor, such identifier being sufficient to identify the converted value by a customer of the second value provider (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); receiving the request comprises receiving an interactive-voice-response instruction (col.5, line 63 to col.6, line 6); receiving the request comprises receiving an instruction over the internet (col.5, lines 39-48); receiving the request comprises receiving DTMF tones (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); at least one of the received value and the converted value comprises non-monetary value (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); at least one of the received value and

the converted value comprises mobile-phone minutes (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); at least one of the received value and the converted value comprises travel points within a mileage program (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); the converted value comprises cash (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); verifying an identity of the value owner (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43); verifying the identity of the value owner comprises comparing a PIN provided by the value owner with a stored PIN (col.4, lines 33-45); verifying the identity of the value owner comprises comparing a biometric feature of the value owner with a stored representation of the biometric feature (col.5, line 63 to col.6, line 3); and wherein receiving the value from the first value provider, converting the received value, and transmitting the converted value are performed recurrently in accordance with the request (col.2, lines 45-65; col.3, line 23 to col.5, line 8; and col.6, lines 30-43).

### ***Response to Arguments***

Applicant's arguments with respect to claims 1,3-18,22-26 and 28-30 have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

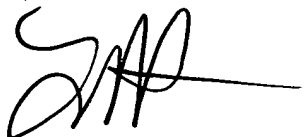

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
